## EXPERIENCE

---

**Founder & Developer - Skool Map** (Jan 2024 - present, Malaysia)

- Grew our software from 0 to 300 paying customers and 38,000 users in a year.
- Mitigated a DDoS attack while keeping our site up for 20,000 users.
- Lowered our subscription churn rate from 20.8% to 8.7% through continuous customer survey and feedback loop.
- Coached developers who want to start a similar SaaS business.

**(Contract) Next.js Developer - HP Thailand** (Nov 2023 - Mar 2024, Thailand)

- Handled gift redemption for 1,144 event participants with a NextJS web application, contributing to the company's closure of approximately \$1.83 million in laptop sales.

**Next.js & React Native Developer - Spuun** (May 2022 - Mar 2024, Thailand)

- Took the lead for the entire development of the project (Web, Mobile, Backend) alone during the company's early stage.
- Saved 80% of development cost on server, database, and web hosting by moving away from over-complicated hosting platforms.
- Increased 26% in profit margin by building our own food delivery app for our restaurants and moving away from costly platforms like GrabFood.
- Mentored junior developers by organizing 1-to-1 teaching sessions.

**React Developer - Innoloft GmbH** (Oct 2020 - Apr 2022, Germany)

- Scaled our B2B marketplace platform from 5,000 to over 10,000 monthly active users through the continuous feature delivery.
- Mentored junior developers by organizing 1-to-1 teaching sessions.
- Saved our company up to 54,000 EUR annually by advocating for the recruitment of international remote developers over local German hires.
- 3x our company's LinkedIn followers count after addressing the importance of social media content creation to our Chief Marketing Officer.

**(Freelance) Frontend Developer - Upwork** (Apr 2020 - Nov 2020, Malaysia)

- Saved up to 30 hours of time and hundreds of paper documents each month for a beautician by digitizing her Customer Agreement & Consent form.
- Generated 3 ETH (approximately \$6,500) in sales for an NFT seller by designing and developing multiple Web 3.0 sales pages.
